

ABDELRHMAN ABOELFADL

Junior FRONT END Developer

[Gmail](#) [LinkedIn](#) [GitHub](#) Cairo Egypt

Education

Helwan University - computer science and artificial intelligence | Grade: V.Good | Information Systems department

Summary

Junior Frontend Developer with hands-on experience in building responsive and user-friendly web interfaces using **HTML, CSS, SASS, JavaScript (ES6+), TypeScript, Bootstrap, Tailwind CSS and Angular**. Skilled in consuming and integrating **RESTful APIs** and transforming UI/UX designs into high-quality, maintainable code. Strong attention to detail with a solid understanding of modern frontend best practices, performance optimization, and cross-browser compatibility. Passionate about continuous learning and delivering clean, scalable frontend solutions.

Projects

- [Octal System](#) - **Technologies:** Angular (Standalone Architecture), TypeScript, JavaScript (ES6+), HTML5, SCSS, Angular Router, Angular Signals, HttpClient, RESTful APIs, Git, and GitHub, following modern frontend development best practices.
- [SemiCode](#) Built with HTML, Sass, Bootstrap, and JavaScript, SemiCode is a modern web platform focused on clean UI, responsive design, and interactive user experiences.
- [My Portfolio](#) - **Technologies:** HTML5, Sass (SCSS), JavaScript (ES6+), Bootstrap 5, Responsive Design (Media Queries), Git, GitHub.

Skill Summary

- **Programming Languages:** TypeScript, JavaScript (ES6+), PHP.
- **Frontend Development:** HTML5, CSS3, SASS, Responsive Design (Flexbox, Grid, Media Queries).
- **Frameworks:** Angular (Components, Services, Routing, RxJS).
- **CSS Frameworks:** Bootstrap.
- **Technologies, Libraries & Tools:** REST APIs, JSON, Git, GitHub, NPM, Angular CLI, jQuery, CMD.
- **Soft Skills:** Leadership, Team Collaboration, Adaptability, Problem Solving, Time Management, Communication

EXPERIENCE

FRONT END DEVELOPER Intern - Misr Insurance

July 2026 (Full-time, 5 days/week)

- Developed the complete frontend of the **Octal** project using **Angular Standalone Architecture** and reusable components.
- Integrated **RESTful APIs** and AI services, implementing routing, state management, and responsive UI.
- Built the application with **Angular, TypeScript, SCSS, Git, and GitHub**, following modern frontend best practices.
- **Certificate** => [Click To Show](#)

SemiCode Mentor - SemiCode Academy

Jan 2026 (Full-time, 7 days/week)

Working as a **Frontend Mentor** at Semi Code Academy, guiding learners in **HTML, CSS, JavaScript, Bootstrap, Angular**, and **other features**. reviewing code, and providing practical feedback to improve project quality and best practices.
